

## DOGS

- There are lots of lovely walks to be had in this area with miles of footpaths for dogs to enjoy.
- Take care around farm animals and keep your dog on a lead when walking near livestock.
- Please keep your dog on a lead or under control in any communal grounds and don't let your dog roam out of control outside your garden.
- Please be aware there are animals on the farm.
- Please keep dogs off furniture and out of the bedrooms.
- Please **do not** leave your dog unattended in the property or outside in the grounds.
- Please do not let your dog worry other guests or neighbors or animals, even if they are super friendly.
- Most importantly please pick up all dog mess wherever it is and dispose of it properly in the allocated bin in the lower yard outside the bin store at Laverstock.
